

You were listed as a **close contact** to someone with **COVID-19**... now what?

When you have had close contact with someone who has been diagnosed with COVID-19, you should:

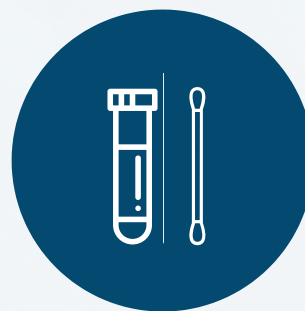

Quarantine for 14 days.

Fully vaccinated or already had COVID-19 in the last 90 days?

Learn about your quarantine options:

dhs.wisconsin.gov/covid-19/close-contacts

Get tested 3-5 days after you were exposed to COVID-19, even if you are vaccinated or do not feel sick.

Learn about how to get tested:

dhs.wisconsin.gov/covid-19/testing

Get vaccinated. Strengthen your body's defense against COVID-19 and protect those around you.

Learn more about vaccines:

dhs.wisconsin.gov/covid-19/vaccine

Questions? Contact your doctor, local health department, or call 211.
